A homesteader and farmer of the Didsbury district for 57 years, Arthur P. Chamberlain died Sunday in Didsbury hospital. He was 74.

He came to Didsbury from his birthplace, Kitchener, Ont., in 1900. He was a long-time member of the Evangelical Church in Didsbury.

Surviving are his wife, Leda; two sons, James of Hamilton and Arthur of Didsbury; two daughters, Mrs. Elmer (Olive) Reist of Chilliwack and Mrs. Harry (Frances) Sherman of Royal Roads, B.C.; nine grandchildren and four sisters, Mrs. James Dixon of Sacramento, Calif., Mrs. Fred Nudd and Mrs. W. Larsen of Banff, and Mrs. Wilbert Orr of Calgary.

New Oil Strike Made In Harmattan District

A promising new oil strike east of Harmattan, which may indicate a completely new field in that area, has been revealed by Shell Oil Company.

Shell-Canadian Superior C-724, located approximately 25 miles northwest of Didsbury, is now under test. It's total depth earlier in the week was 8,560 feet, and the operator will make additional tests before completion.

During drill stem tests the well flowed oil to the surface from the intervals, 8,454 feet to 8,500 feet; and from 8,493 feet to 8,530 feet, recovering 790 feet and 1,710 feet of oil respectively. The top of the Mississippian formation was encountered at 8,457 feet.

The well is located about two miles southwest of Great Plains-Shell-Canadian Superior Eagle Hill 7-29, a shut-in Mississippian gas well.

FARM HAND DIES CAUGHT IN BALER

Lawrence Walter Bomer, a 25-year-old farm worker, was killed Monday when he was caught in a hay baler on the Nanton district farm of his employer, Raymond Lund.

R.C.M.P. said the victim apparently tried to clean out the baler while it was running and caught his hand. His body became entangled in the baler and the machine caught fire.

Farm Women Meet In Olds

In 1909 the first Farm Women's Week was inaugurated at the Olds School of Agriculture. Last week the 28th such week was held at the same location. More than 100 women registered for the five-day session.

The week officially opened Monday with a tea and reception, followed by a tour of the flower gardens and the buildings.

Among lecturers were Mr. and Mrs. W. J. Van Houten of Dordrecht, of Holland. The former, an agricultural engineer and administrator of several estates, showed many interesting slides. His wife, an honorary member of the Netherlands War Graves Committee, gave a few insights on her work.

A large number of ladies from the women's institutes in Didsbury and district, were in attendance.

On the men's side of the ledger the battle for club championship is underway. Sam Moore is leading the field at the moment, having disposed of his opponents, Jock Wordie and Cliff Sorenson, in that order. Earlier Sorenson had sent Alf Allen to the sidelines.

In the other flight Jim Millar defeated Bob Eubank and is now waiting for the winner of the Fred Evans-Sam Krueger bout. Winner of the second go-round will meet Slammie Sammie for the club title.

The next meeting of the Springside Group will be held at the home of Mrs. Art Jackson on August 8th.

CALLS IT QUITS !!!

SINGAPORE — A 63-year-old businessman said this week he plans to take his 70th bride to the altar soon.

"Then I will call it quits," said Tunku Mohammed Arifin Bin Ahmad.

His 69th wife — currently his only one — approves his plan.

She is Che Kathalia Binte Sheikh Abdullah Almas, 36, who said: "He is such a remarkable man."

The Tunku — the name means prince, but his friends call him "the medicine man of love" — is a Malay aristocrat who married and divorced wives under the Islamic religion, which permits a man to marry as often as he likes provided he has no more than four wives at one time.

Water Shortage, But Yet !!!

That hot spell we spoke of last week, and the town water pumps realize it more than we do. The level is still away below the normal operating level, and once again town officials ask that those on the water line curtail the use of their taps and hoses as much as possible until we get a few heavy rains.

Everyone likes green lawns, cold baths and hot coffee in the morning — the only sticker is that you need water to produce any of the three mentioned. Right now we just ain't got enough water in the well to keep everyone happy.

Granted, there has been no cases reported of anyone going short, but it will certainly happen unless all users put the brake on — take it easy, it'll help all of us!

Hail Losses In Suppression Area

Almost 400 claims have been made by Alberta farmers suffering crop losses from hail in a storm July 26, which swept diagonally across the province, the Alberta Hail Insurance Board reported on Tuesday.

The board also noted "some losses" within the hail suppression area in the Calgary district.

The July 26 storm cut a swath from Sylvan Lake northeast thru Morningside, Ferintosh, Duhamel, Roundhill and north as far as Lac la Biche.

A board spokesman said hail so far this season has not been as serious as in 1956 but the season still had two months to go with the normal peak hitting in August.

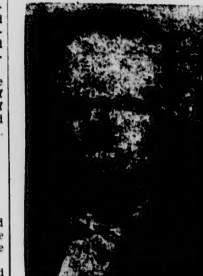

Questioned about hail in the suppression area, the spokesman said claims have been about the same as last year but actual damage is difficult to estimate. Many of the farmers in the area paid out for hail suppression rather than for hail insurance, so when hail storms occurred in the area they were difficult to trace by claims.

Just For The Record . . .

Good hayin' weather, but what we need now is a spot of moisture from above (no hail is included in this request). The order calls for a real "soaker" and remember, no hail, please!

Just For The Record . . .

We've been a wee bit mystified, as have a number of other Alberta residents, ever since the provincial government came out with its "latest" dividend plan. The yearly (we repeat yearly) amount to be paid to we bona-fide Alberta citizens started around the \$22 mark; it hopped from there to \$28, and then the market seemed to hit a slump and we ended up in the \$20 bracket. Latest reports have put the first pay-off at \$22 (to be paid in cash yet). The way our figuring goes we'll have to spend most of the "big bundle" on psychiatrist fees to aid our shattered nerves after following the "free money" trail, which went up, down and around. We'll take a peek at the green-backs and then tack them on to our income tax return. Social Credit is workin', don't hang on to the bucks — keep 'em going round and round.

And A Friendly Nod . . .

To the lad who dreamed up this wee phrase: "Recent surveys show that four out of five women haters are women." Makes sense?

BERGEN NOTES

(From Our Own Correspondent)

Jack Frost visited the district on Saturday night and nipped the tops of beans and potatoes in some places. The record shows there has been frost once a month this summer.

Mr. John Haug is a patient in the Didsbury hospital.

Recent visitors in the district were Mr. and Mrs. Howard Gilmore and Shirley, of White Rock, B.C.; Rev. and Mrs. Ivan Gamble and Kenny, of Prince Rupert, B.C.; and Rev. and Mrs. James Gamble and family, from Fairbanks, Alaska.

Dave and Steve Budnyk of Calgary are visiting with their aunt and uncle, Mr. and Mrs. Fred Metzner.

YOUR DISTRICT HOME ECONOMIST WRITES

By HELEN HOWARD

Don't tell me — let me guess. You're so busy these days that you haven't a free minute, what with the men haying, and canning and freezing time beginning.

If you would like to make a salad for supper tonight but the hay-makers in your family hate salads — here's a hearty salad that may please them. I've tried it and it's good.

BAKED BEAN SALAD

- 1 1/2 cups well drained baked beans
- 1/2 cup grated carrot
- 2 tbsp. finely diced green pepper
- Tomato french dressing (recipe below)

- 1 cup shredded cabbage
- 1 tsp. finely diced onion
- Salt and pepper.

Blend dry ingredients, add oil and vinegar and boil one minute. Beat with rotary beater to combine. Add tomato soup and chili.

This quantity will be enough for many salads. It keeps well in the refrigerator. Shake before using.

It's a real satisfaction to see your shelves filled with jars of fruit and vegetables or your deep freeze full of neat packages, isn't it? It is a lot of work, too! If you are canning, member, it is very important to have all your equipment clean and sterilized. Of the three methods of canning, boiling water bath, oven canning and pressure cooker canning — this last — the pressure cooker way, is the recommended one as it heats the food to a higher temperature than the others. It therefore reduces possibility of spoilage. The oven method is very risky because of the danger of sudden blow-up. More than one person has lost an eye through an accident of this kind. So, don't take chances.

We will talk about freezing next week; meanwhile, send to me right away for our bulletins: "Preserve By Freezing" and "Home Canning of Fruits and Vegetables."

WHERE ARE YOUR DOLLARS REALLY GOING?

Numerous inquiries being received at C.N.I.B. offices in Alberta indicate that people are presently canvassing throughout the province, allegedly in aid of the blind. These people do not in any way represent The Canadian National Institute for the Blind.

From time to time, this independent-appeal situation crops up in Alberta. As the officially recognized agency for the blind, the C.N.I.B. has no information as to the reasons or justification for such appeals. Likewise, these independent "Help the Blind" campaigns have no validity whatever in the eyes of the Canadian Council of the Blind, the organized voice of blind Canadians from coast to coast.

Because of the interest and warm support shown the C.N.I.B. the group takes this opportunity to warn you:

"The next time somebody asks you for money to help the blind, find out who they are, and where the money is really going."

CHRISTIAN SCIENCE

How the understanding of God's inexhaustible goodness enables man to meet everyday needs will be brought out at Christian Science services Sunday in the Lesson-Sermon on "Love."

Scriptural selections will include the following from Ezekiel (34:11, 14): "For thus saith the Lord God: Behold, I even I, will both search my sheep, and seek them out. . . . I will feed them in a good pasture, and upon mountains of Israel shall their fold be: there shall they lie in a good fold, and in a fat pasture shall they feed upon the mountains of Israel."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (494:10): "Divine Love always has met and always will meet every human need. It is not well to imagine that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good."

CREMONA NEWS

(From Our Own Correspondent)

'Too Late For Last Week'

The Cremona Stampede was held on Wednesday and Thursday, July 17 and 18. Wednesday proceedings were a little dampened by rain, but Thursday the weatherman co-operated with a sunny day. The Graham ladies were in charge of the booths. Norman Young had his hand smashed a bit but no bones were broken. Two stamper dances were held, one on each evening of the stampede.

Lorne Knox and Virgil Burkholder celebrated their birthdays a little late with a picnic on Sunday, July 21st. Their immediate neighbors helped them celebrate. Mrs. J. Lane and family returned on Saturday from a ten-day holiday.

July is M.S.I. yearly premium month. If you haven't been in to pay your premium, you are asked to do so. If you don't belong to the group, this is the time to join.

A Sackful Of Mischief

A grim-faced Texan woman sat on a city bus in Amarillo and watched her four-year-old son with apprehension. The lad was bouncing around with a sack pulled firmly over his head.

A woman nearby asked if he usually played with his head in a bag.

"I put it there," the woman said tersely. "You want to know why?"

"The first thing he did today was lock himself in the bathroom. I had to call a carpenter and have the door removed."

"I wish he went out in the backyard and broke some bottles. He spread the glass around and made his little sister walk over it barefoot."

"I took her to the doctor in a taxi, and he sewed up her feet. I left the boy with a neighbor and when I got back he was gone."

"When we found him, he ran into the house and stuffed his head into his sister's potty. I couldn't get it off."

"That's the reason for the sack over his head. We're on the way to the doctor to get the pot off!"

A cheerful purple drifted from under the rumpled bag.

Queen's English

We'll begin with box. The plural
is boxes. But the plural of ox is oxen,
not ones.
One foal is a goose, but two
are called geese.
Yet the plural of mouse is never
meese.
You may find a lone mouse,
or a whole nest of mice.
But the plural of house is
houses, not hie.
If the plural of man is always
men,
Why shouldn't the plural of
pan be called pen?
If I speak of a foot and you
show me two feet —
And if I give you a boot, would
a pair be called beet?
If one is a tooth, and a whole
set are teeth,
Why shouldn't the plural of
booth be called beeth?
If the singular's this and the
plural these,
Should the plural of kiss ever
be keese?
We speak of a brother and
also of brethren.
But though we say mother,
we never say methren.
Then the masculine pronouns
are he, his and him,
But imagine the feminine,
she, shis and shim.
So, what?

HE "SHOULDA
STOOD IN BED"

For Raymond Littlefield of Ports-
mouth, N.H. it was one of those
days.
Littlefield was driving a rubbish
truck when a five-year-old girl
ran into the side of the vehicle. He
took her to the hospital where she
was treated for a "small skull frac-
ture."

"On his way to the police sta-
tion to report the accident, his
load of rubbish caught fire.
He wheeled the flaming truck to
the police station garage, got a
foam extinguisher and — in trying
to extinguish the blaze — acci-
dentally sprayed acid and foam on
the city marshal's car.

At this point he called the fire
department. While the firemen
were fighting the blaze, a 77-year-old
woman tripped over a hose, fell
and fractured her leg.

Neither the girl nor the woman
was in serious condition.

Former Westcott Resident
Dies In California

Harvey E. Brown, Monrovia, Cali-
fornia, and formerly of Westcott,
eldest son of Mrs. Christina and
the late J. H. Brown, passed away
at Monrovia on July 17, 1957.

Left to mourn his loss is his
wife, Violet, in Monrovia; his
mother and sister Laura, in Fair-
field, Calif.; Lucinda in Los An-
geles; Pearl, in Bend, Ore.; and
Veretta and his brother William,
in Calgary.

LIGHT YOUR WAY
WITH BIBLE STUDY

The little girl came home from
Sunday School and said to her
mother: "Teacher told us today
that God puts people into this
world only so they can get ready
for heaven."

"Yes, dear, that is right," replied
the mother.

"Then why don't we see every-
body getting ready?" asked the
child.

Sounds like a childish question.
But just a minute, isn't it true?
Why don't we see everybody getting
ready for heaven?

Immersed in the headlines of the
atomic bomb, world affairs, price
of crops, and in general in the
hurry and hubbub of daily living,
many have forgotten the eternal
headline: "It is appointed unto men
once to die — but after that the
judgment."

We are getting ready for every-
thing, except the one thing that
really counts. Our Savior draws
this to our attention in the parable
of the Ten Virgins, where we read:
"They that were ready went with
Him to the marriage." Those who
were not ready stayed outside. To
them the doors were forever closed.
Paul repeats this appointment
and reminds us that we must be
getting ready: "We must all appear
before the judgment seat of
Christ."

So, you see, the little girl's ques-
tion wasn't really so silly as it first
sounded. Yes, why don't we see
everybody getting ready?

To be ready to face God Paul
answers: "Believe in the Lord Jesus
Christ."

Well, where do you stand in this
matter?

CLEAR OUT THOSE WEED
PATCHES: This time of year the
good farmer is doing his best to
summerfallow and kill weeds in
the crop with spray. But all too
often they overlook the small
patches of weeds in fence lines,
corners of fields, pastures and on
roadides.

These patches of weeds can well
be the cause of creating new in-
festations if they are not eliminated.
For fence line and patch spray-
ing, a broad jet nozzle attached to
your weed sprayer is the ideal way
of dealing with them. We have
such a nozzle and hose available
here and will loan it to you for this
kind of work. All you have to do
is ask me about getting it on loan.

Some people have the idea that
it is the responsibility of the munici-
pality to control the weeds on
roadides. This is not the case. It
is true that we have two sprayers
doing road-side work and we do
our best to cover most of the roads.
Still some weeds may be missed.

According to the weed act it
states that: "Land means and in-
cludes not only all lands owned or
occupied or controlled by any per-
son, but also means and includes
the land up to the center line of
all contiguous roads or road allow-
ances, highways, streets or lanes."
Weeds that have a wind borne
seed such as thistles, should by all
means be cut down or otherwise
eliminated to reduce the danger
of ripened seeds being carried by
the wind to new locations not al-
ready infested with weeds.

GEMS OF THOUGHT
CONFIDENCE

Confidence in another man's
virtue is no slight evidence of one's
own.

Trust men and they will be true
to you; treat them greatly and
they will show themselves to be
great.

Fields are won by those who be-
lieve in winning.

Society is built upon trust, and
trust upon confidence in one an-
other's integrity.

"Dad, did you pick up my dress?"

That young voice hits Dad where it hurts.
He was so sure he'd remembered every-
thing. And here is Amelia, with a heavy
date, demanding her dress which he forgot
to pick up at the cleaners. Why, grumbles
Dad, don't women do their own shopping?

The answer is that farm women usually
do. In fact, their shopping, in person and
by mail, adds up to a lot of money. How
much? Well, last year, farm families put
about 2½ billion dollars into circulation.
That's over twice the amount spent for all
the new housing in Canada. About 1,000
million dollars went for household require-

ments—the things you buy regularly. And
the rest of the money was spent for equip-
ment, wages, feed, seed, fertilizers—every-
thing that farmers need to produce food
in abundance.

All this farm spending for consumer
goods and services helps to keep a great
many Canadians employed in a wide variety
of businesses and is a powerful stimulant
to progress and prosperity. This is made
possible by good farm management, effi-
cient practices which include the use of
modern farm machinery.

THE LOCAL NEWSPAPER MAINTAINS ITS INFLUENCE

- How often a successful executive, far from his small-town birthplace — maintains his contacts through regular receipt of his weekly newspaper.
- There is nothing quite like a small town weekly for neighborly news and intimate contacts.
- People in the advertising business talk about selected audiences — sharply focused circulation. They have learned from experience that when a publication is specially edited to appeal to the specific interests of a smaller group of people, its opportunities to make sales are multiplied many times over.
- The weekly newspaper is that kind of publication. Whether its circulation is a few hundred or a few thousand, it represents effective circulation.
- Gather the towns-people and farm folk around you when you advertise. Surround yourself with friendly neighbors — deliver your advertising message through your local weekly newspaper.

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

Rev. and Mrs. Taylor and family arrived home after spending some time at Winona Lake. Mr. Taylor enjoyed the seminary work he took at the School of Theology and intends to continue his work there toward a master's degree in theology. Mrs. Taylor and the children enjoyed the beach along Winona Lake very much. They left immediately for Gull Lake Bible Camp, which began July 30.

Mr. and Mrs. Clayton Cressman were campus guests for a short while at the beginning of the week. Mr. Cressman is the treasurer of the United Missionary Board of our church. They came to attend the marriage of their only son at Swift Current and are now touring to the coast as well on their vacation.

Rev. and Mrs. Bacon of Indiana stopped over in the Taylor apartment on their way to Gull Lake Camp, where the former will be camp evangelist. They, with their two sons, are doing this as part of their summer vacation. We are told that Edward Oke will be assistant pastor to Rev. Bacon when he enters Bethel College this fall.

Rev. and Mrs. Arthur Eby entertained Rev. and Mrs. W. D. Annett and family and Mr. and Mrs. H. Burges, and family for dinner Sunday.

On Saturday, the Eby families entertained in honor of Dr. and Mrs. A. E. Airhart and family in the school dining hall. Rev. Airhart will be leaving for Toronto where he has been called by the Nazarene Church on Clair Street. He is a nephew of Miss Gladys and Mr. Sam Eby. He was formerly president of Canadian Nazarene College, Red Deer. Rev. Airhart performed the marriage ceremony at the recent Hanna-Oke wedding.

David Archer was a campus visitor during the past week. He is very busy as a porter for the Canadian Pacific, and often calls in when he has a day or two off. On Saturday he was one of the attendants at the Tweed wedding in Red Deer.

Earl Reimer, graduate of a former year, is making a number of appearances with his violin during the time he is home this summer. He played at the Hanna-Oke wedding and again at the Tweed wedding in Red Deer. On Sunday he gave a beautiful violin solo in the evening service at the United Missionary Church. Earl will be returning to Cascade College, Fort-land, to take his second year in arts course. He is a member of the college quartet and is now editor of the college paper as well.

The young people of the church and college will be at Gull Lake this coming Sunday. A couple of hundred young people attend this camp each year so that our Sunday school and church services are quite depleted as a consequence. The pastor of the church will need to be there himself this coming Sunday and Miss Gladys Eby will take the morning service in the church in his absence. There will be no evening service in the church next Sunday.

Mr. Waldin comes to Didsbury almost every week to run tapes for the Good News Broadcast. Do you listen each Sunday morning at 7:30 to this broadcast, which comes over CKXL. You will like the program and your support and listening attention is solicited.
